

# DEAD DRU

NATIONAL FOUNDATION FOR HIGHWAY  
GRATEFULLY ACKNOWLEDGES

*Brad D. Smith*

*Forceful, challenging, readable*

Our Foundation for a quarter of a century has had the continuing emphasis "DRIVE COURTEOUSLY AND SOBERLY" using all possible methods to promote that goal: awards to the News Media for editorials, cartoons, special features of the Press, Television and Radio. Urging individuals to make known their views to relatives and friends.

NOW we are faced with a perplexing problem: Legal drinking age for 18-year olds. Reports pour in proving the folly of such legislation from increasing fatalities and injuries to our youth. We seek your cooperation for change of this legislation.

Grateful Thanks for your concern and cooperation.
