LIBERTY AIRLINES

FLYING
THE
ROUTES OF
COLUMBUS

1493: CHRISTOPHER COLUMBUS DISCOVERS ST. KITTS IN THE CARIBBEAN ISLANDS 1995: LIBERTY AIRLINES FLIES TO ST. KITTS, DOMINICA AND ST. LUCIA

Five centuries later, history is again shaped and new destinations discovered.

Introducing the only direct jet service between the Caribbean and Florida.

Liberty Airlines. From St. Kitts, Dominica and St. Lucia to Ft. Lauderdale and Orlando, Florida. You'll discover new routes with advantageous schedules, no change of plane delays, better worldwide connections. And highly discounted vacation packages.

Liberty Christopher Columbus isn't here now because he'd discover Liberty Airlines' worldwide direct access to the same exotic Eastern Caribbean islands he discovered in 1493. Islands of unspoiled, uncrowded, and un-corporate beauty from today.

And Liberty Airlines grants freedom of choice. With a convenient AM/PM schedule 7 days per week. And direct connections to and from international airports in the U.S.

Liberty's VIP service extends to everyone. Because we've learned from history that treating everyone like a very important partner results in long-term benefits.

Our personalized service starts with Liberty Airlines Eastern Caribbean Holiday packages, which provide the hospitality of a small, owner-managed hotel in tropical surroundings (branded wilderness, pristine waters, scrub diving, snorkeling, swimming, boating, and fishing). There's even golf and casino gambling on the islands of St. Kitts and St. Lucia. And at St. Lucia, viewing of the steaming Geysers volcano. Or sipping one of the 6 major waterfalls on Dominica.

Like Columbus's crew, our management team of seasoned airline industry professionals combines decades of experience. The safety of our passengers and crew are of utmost importance to us. So Liberty Airlines licensing and safety requirements meet both the U.S. FAA and the British CAA standards.

We think Christopher Columbus would have been discovering Liberty. So will you.

We also offer cargo and charter operations. And 24x7 toll-free reservations.
